BRENTWOOD ARTS EXCHANGE

Boundaries: One Day Video Exhibition

A pop-up, single day exhibition of video art and installation, Boundaries investigates identities and conditions that emerge as a result of fluid spaces that are geographic, political, and even metaphysical. The environments in these videos are created via perspectives within global communities, and “boundaries” is a term indicative of both the real and constructed nature of spaces that affect our external as well as internal experience.

Featured Artists:

Sama Alshaibi
Isabela Prado
Ryan Buysens
Maria Dumlao
