

PAUL KASMIN GALLERY

EXHIBITION SCHEDULE 2012

UPCOMING IN-GALLERY EXHIBITIONS

ERIK PARKER
BYE BYE BABYLON
293 Tenth Avenue
September 6-October 13

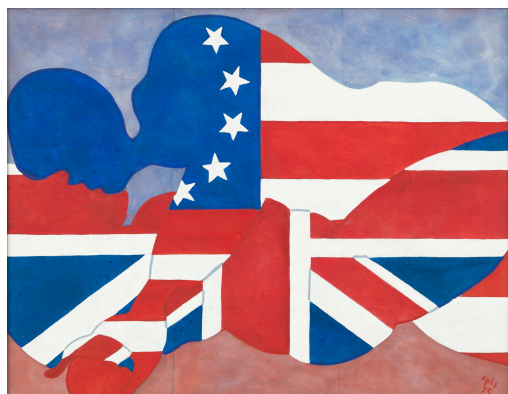

Immediately following Parker's major solo exhibition at the Aldrich Contemporary Art Museum, Paul Kasmin Gallery will present the New York premiere of his new series of jungle paintings. For Parker, jungle paintings allow him to escape into custom-made exotic locales without having to leave his Brooklyn studio. He draws inspiration from the imaginary landscapes of Henri Rousseau—who never left his native France, and Joseph Yoakum—who mixed his memories of his own travels into his visualizations of unknown cities and countries.

SAINT CLAIR CEMIN
SIX
515 W. 27th Street and Broadway Mall
September 6-October 13; Outdoors
September 5-November 2012

For his inaugural exhibition at the gallery, the Brazilian-born sculptor Saint Clair Cemin will present six new figurative and abstract sculptures. On view concurrently, the artist will make his NYC public art debut with seven outdoor works installed along the Broadway Mall as presented by Paul Kasmin Gallery in collaboration with the Broadway Mall Association. Crossing surrealism and folk art with classical and High Modernist forms, Cemin's sculptures, in polished stainless steel and traditional black-lacquered resin, convey the complexities of surface and movement. The outdoor installation will open September 5 and remain on view through November 2012.
