September 23rd, 2010 in [Art/Culture](#), [Regional](#), [World](#)

Todd “REAS” James’ “Great Adventure” show at Galeria Javier López kicked off in Madrid. He exhibition has references to wars and the associated atrocities that come with it. The cartoonish portrayal of the machinations of war include smiling tanks shooting out blood, funny-faced missiles romping around, and nude female soldiers frolicking around in the mayhem.
