THE ESSENTIAL JOURNEY

Ninety minutes

Our signature starting point to introduce you to the Meadowood all-suite spa experience. This service includes a pre-treatment experience and wellness dialogue with your trained therapist in harmony with your 60-minute massage, body treatment or facial to step deeper into a state of overall well-being.

The Meadowood Spa is working with a curated selection of luxury product lines with strong senses of place and high efficacy.

FACIALS

ANTI-AGING/LIFTING For mature skin lacking volume and firmness, this stimulating massage firms and re-defines facial contours. Effects of the toning and lifting techniques are immediate.

DETOXIFYING For those needing a rescue from pollution, this facial features products with effective anti-oxidants including vitamin C and grape seed polyphenols to shield the skin from free radicals and help prevent further damage.

HYDRATING For those who are seeking to remedy dry, dehydrated skin, this treatment combines gentle exfoliation to slough away dead cells, hydrating oils, nourishing masks and moisturizers to plump, replenish and quench the skin.

RADIANCE

Designed for skin that is lacking radiance and luminosity. The use of warm and cool stones stimulates skin prior to the application of a peeling mask, which removes any remaining dull skin, leaving a radiant and youthful complexion.

Oxygen

A stream of high-pressurized oxygen infused with botanical, vitamin, mineral and nutrient extracts will strengthen skin's elasticity and help eliminate acne-causing bacteria, reduce fine lines and wrinkles, even out skin tone and diminish pores.

Hydrafacial

A non-invasive, multistep technology that combines the benefits of next-level hydradermabrasion, a chemical peel, automated painless extractions and a special delivery.

SCRUBS

SUGAR AND SALT: FINE

For those who have sensitive skin, this treatment is made with organic fine sugar for a gentle exfoliation, as well as chardonnay grapeseed oil, organic shea butter and organic sunflower oil to hydrate, soften skin and heal your skin.

This scrub boosts circulation to remove flaky skin, lines, lumps and bumps and helps to eliminate toxins, increase circulation, reduce body aches and pains and relieve muscle tension.
