NEWYORK DESIGN WEEK

New York Design Week 2007 kicks off with the Brooklyn Designs show on 11-13 May at three locations, with striking rugs designs from Amy Helfand and Asha Carpets. Hot on its heels is the 19th annual International Contemporary Furniture Fair at the Jacob K Javits Convention Center (19-22 May): ICFF is North America's singular showcase for contemporary design and should not be missed. Watch out for Liora Manné's patented *lamontage* flooring, and the experimental designs of Loophouse and Chichi Cavalcanti (both London based). Spanish designer Nani Marquina has been collaborating with fellow designers in recent years with unusual textural results – it will be interesting to see her latest partnership. Plus, keep an eye out for the well-regarded Warp & Weft, plus fellow newcomer to the fair, Emma Gardner Design.
